ManyBooks is a nifty little site that's been around for over a decade. Its purpose is to curate and provide a library of free and discounted fiction ebooks for people to download and enjoy.

Derrida And Husserl The Basic

Lawlor's investigations of the work of Jean Cavailles, Tran-Duc-Thao, and Jean Hyppolite, as well as recent texts by Derrida, reveal the depth of Derrida's relationship to Husserl's phenomenology. Along the way, Lawlor revisits and sheds light on the origin of many important Derridean concepts, such as deconstruction, the metaphysics of presence, différance, intentionality, the trace, and spectrality.

Derrida and Husserl: The Basic Problem of Phenomenology ...

In this essay, he argues, Derrida engages in a "phenomenological critique" of Husserl, that is, a critique that makes use of phenomenology's own "principle of all principles" in order to uncover residual "dogmatism" in Husserl's thought. Derrida's basic claim is that in seeking the origins or genesis of "the world," Husserl was forced in various ways to transgress his self-imposed restriction to evidential givenness: "genesis overflows phenomenological evidence" (p. 27).

Beginning with Eugen Fink's pivotal essay on Husserl's philosophy, Lawlor carefully reconstructs the conceptual context in which Derrida developed his interpretation of Husserl.

Where To Download Derrida And Husserl The Basic Problem Of Phenomenology

Derrida and Husserl: The Basic Problem of Phenomenology by ...

Leonard Lawlor investigates Derrida's writings on Husserl in order to determine Derrida's transformation of the basic problem of phenomenology from genesis to language. To do so, he lays out a narrative of the period during which Derrida devoted himself to formulating and interpretation of Husserl, from approximately 1954 to 1967.

Derrida and Husserl: The Basic Problem of Phenomenology ...

The Fifties in France was the time of phenomenology, and Derrida studied closely Husserl's then published works as well as some of the archival material that was then available. The result was a Masters thesis from the academic year 1953-54 called The Problem of Genesis in Husserl's Philosophy; Derrida published this text in 1990.

Jacques Derrida (Stanford Encyclopedia of Philosophy)

This is a rigorous and clear presentation of Derrida's fundamental argument/insight. Lawlor's strategy is to map out carefully the history of Derrida's engagement with Husserl in Derrida's formative period (1954-1967), and to use this development as the key to the interpretation of Derrida's thought.

Amazon.com: Customer reviews: Derrida and Husserl: The ...

Camille Paglia, say, might be considered a "philosophe": somebody who speaks and writes philosophically about general cultural issues. But to make it as a professor you need to concentrate on the established canon, and for Derrida this meant initially the dense but rewarding work of the phenomenologist Edmund Husserl.
