Family law is an essential dimension of women's citizenship in the modern state. The rights established in family law shape women's agency and autonomy; they also regulate access to basic resources—such as land, income, and education—that determine a citizen's ability to earn a living independently, among other life chances (Agarwal 1994; Deere and León 2001; Kabeer 1994; Okin 1989; World ...
