Marsh & McLennan (NYSE: MMC), the world's leading expert in risk, strategy and people, today announced two important commitments in the effort to combat climate change. First, the Company has pledged to be carbon neutral in 2021 through the reduction of greenhouse gas emissions in its own operations and the purchase of verifiable offsets. Second, the Company has committed to reduce its ...

Marsh & McLennan Announces Carbon Reduction Commitments

General. This article addresses elements of above-grade structural systems in residential construction. The residential construction material most commonly used above grade in North America is light-frame wood; therefore, we'll focus on structural design that specifies standard-dimension lumber and structural wood panels (i.e., plywood and oriented strand-board sheathing).
