LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

Thats Not My Fox

This is a fabulous board book featuring several pages of "that's not my fox" before getting to the final page which is "my fox". Each page has a textured area for the child to touch. My little boy particularly likes the rough nose and the fluffy tail.

This rates as one of my favourite "That's Not my..." books so far. I'm not sure if it was just the allure of the fox (it's quite foxy after all) or just that it's the first one of the series my son has really kept reaching for time and time again just due to his age perhaps. But he particularly loved the soft
