Review: 'The Horse, The Wheel and Language' by Prof David W. Anthony. by william December 26, 2018. December 26, 2018. My journey into the world of genetics and archaeology has been, as I suspect it has for most people, something of a reverse encounter. I started with an interest in nationalism and, consequently, then developed an interest in European Paganism after my Christian pretence faltered and my atheistic zeal began to diminish.

Review: 'The Horse, The Wheel and Language' by Prof David ...

Anthony also describes his fascinating discovery of how the wear from bits on ancient horse teeth reveals the origins of horseback riding. "The Horse, the Wheel, and Language" solves a puzzle that has vexed scholars for two centuries - the source of the Indo-European languages and English - and recovers a magnificent and influential civilization from the past.

Book Review: The Horse The Wheel And Language. The modern field of linguistics dates from 1786, when Sir Willian Jones, a British judge sent to India to learn Sanskrit and serve on the colonial Supreme Court, realized just how similar Sanskrit was to Persian, Latin, Greek, Celtic, Gothic, and English (yes, he really spoke all of those).

Book Review: The Horse The Wheel And Language | Socratic ...

Copied from User talk:Joshua Jonathan#The Horse, the Wheel and Language. You've probably divided the article into too many subsections for its length. Also, you've kind of obscured the distinction between innovations which occurred close in time and space to the early Indo-Europeans (if not actually made by the Indo-Europeans themselves), such ...
