The Human Web: A Bird's-Eye View of World History | John ...

The Human Web is an excellent summary of human history. It is indeed a bird's eye view in that it looks at the broad overall sweep of human affairs and doesn't bog down in unnecessary detail. The major theme is the construction and expansion of human webs, or interconnections that tie cultures and civilizations together ever more tightly.

The Human Web: A Bird's-Eye View of... book by William H ...

John's vision was human history in 200 pages, and he teamed up with his father to write it. The finished product was 350 pages, and titled The Human Web. The book slices human history into time blocks, and provides snapshots of the world during each period. It's not a sleep-inducing recital of kings, empires, wars, and dates.
