10 Languages Lost To Time - Listverse

An extinct language is a language that no longer has any speakers, especially if the language has no living descendants. In contrast, a dead language is "one that is no longer the native language of any community", even if it is still in use, like Latin. Languages that currently have living native speakers are sometimes called modern languages to contrast them with dead languages, especially in educational contexts. In the modern period, languages have typically become extinct as a result of the

Extinct language - Wikipedia

With gorgeous prose and a dazzling sense of place, The Lost and Forgotten Languages of Shanghai introduces a brilliant storyteller, who shows us the power of language in both our public and our private relationships.

The Lost and Forgotten Languages of Shanghai - free PDF ...

If the author fails to make the characters real, or make them sympathetic to the reader, The Lost and Forgotten Languages of Shanghai does at least have a good slow-burning quality, manoeuvring towards a tense and somewhat dramatic conclusion, but ultimately without convincing that there's any depth beneath the melodramatic, romantic soap-operatics.
