### Theorizing Intersectionality and Sexuality (Genders and ...

This book re-examines political, conceptual and methodological concerns of 'intersectionality', bringing these into conversation with sexuality studies. It explores sexual identifications, politics and inequalities as these (dis)connect across time and place, and are re-constituted in relation to class, disability, ethnicity, gender and age.

### Theorizing Intersectionality and Sexuality | Y. Taylor ...

Intersectionality is fundamental in allowing all the different elements included in defining one's sexuality to be analyzed even further by introduction other key pieces of their identity, including race, class, and gender. Sexuality can already be a difficult term to fully comprehend because it encompasses so many different elements including who one is attracted to, their beliefs and values, who they have relationships with, and even body image.

### Theorizing Intersectionality and Sexuality | SpringerLink

In the last few years, the #MeToo movement, revelations of sexual abuse and cover-up within the Southern Baptist Convention, and controversy surrounding the appropriateness of women preaching in Lord's Day worship have reopened discussions of gender within evangelicalism. While there has been little development within the evangelical church in the underlying theological and exegetical ...

### Buy Theorizing Intersectionality and Sexuality (Genders ...

Intersectionality is claimed by some authors as a central aspect of feminist thinking, one which has transformed the conceptualisation of gender in research (Shields, 2008). As is well rehearsed, intersectionality theory grew out of a critique of models of inequality which framed social forces as operating in layered or additive ways.

### Intersectionality and Sexuality: The Case of Sexuality and ...

Intersectionality Articulated by legal scholar Kimberlé Crenshaw (1991), the concept of intersectionality identifies a mode of analysis integral to women, gender, sexuality studies. Within intersectional frameworks, race, class, gender, sexuality, age, ability, and other aspects of identity are considered mutually constitutive; that is, people experience these multiple aspects of identity ...

### Theorizing Intersectionality and Sexuality (Genders and ...

This makes no sense given that the first truly sophisticated modern presentation of the what we would now call the intersectionality of race, class, gender and sexuality was produced in the late 1960s by the feminists of color Combahee River Collective. Similarly, Black womanist Audre Lorde was working out what we might now call an intersectional queer theory years before figures like Foucault, Sedgwick and Butler produced their important insights.
