The Corolla E70 was the fourth generation of cars sold by Toyota under the Corolla nameplate.. The fourth-generation model was released in March 1979 in Japan, and was the last generation to have the entire lineup in rear-wheel-drive configuration. Export sales commenced in August 1979. Although most of the fourth generation was replaced by 1984, the station wagon and van versions were offered ...

Toyota Corolla (E70) - Wikipedia

The timing belt in my car (Toyota Corolla 1986, 77,000 miles) broke while I was driving at 40-45 mph. The car just stopped running. I didn't hear any strange sounds when it happened. I tried to start the engine several times and jump up the battery because I thought it was power issue. Then I got the car towed to my mechanic's garage.
